

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A water soluble package containing a fluid substance for release on dissolution of the package, characterised in that the package has a body portion for containing the substance comprising a first sheet of a water soluble material thermoformed to form a body wall of the body portion, and a second sheet of water soluble material superposed on the first sheet and sealed thereto along a continuous region of the superposed sheets to form a base wall of the body portion, and in that the body portion of the package is ~~generally~~ dome shaped.
2. (Original) A package according to claim 1, characterised in that the maximum height of the body wall above the base wall is less than or equal to the maximum width of the base wall.
3. (Currently Amended) A package according to claim 1, characterised in that the base wall is ~~generally~~ circular.
4. (Canceled)
5. (Currently Amended) A package according to claim 1, characterised in that the base wall is ~~generally~~ flat, or slightly concave or convex.
6. (Previously Presented) A package according to claim 1, characterised in that the first sheet of water-soluble film comprises polyvinyl alcohol or a polyvinyl alcohol derivative.
7. (Previously Presented) A package according to claim 1, characterised in that the second sheet of water soluble material comprises polyvinyl alcohol or a polyvinyl alcohol derivative.

8. (Previously Presented) A package according to claim 1, characterised in that the fluid substance is a liquid, paste or a gel.
9. (Previously Presented) A package according to claim 1, characterised in that the fluid substance is a domestic consumer product.
10. (Original) A package according to claim 9, characterised in that the substance is a laundry detergent composition.

Claims 11-14 (Canceled)
